

THE MOSAIC INSTITUTE IS
PLEASED TO PRESENT:

THROUGH OUR EYES

Help us understand the impact of online hate on our communities in Ontario.

We would love to hear about your online experiences, to help inform decisionmakers in public, private, and academic sectors on the prevalence and impact of online hate among communities whose physical safety is often at risk and who disproportionately experience hate crimes in Ontario.

The survey will take only 30-45 minutes of your time.

To say thank you, the first 200 participants will receive a \$10 Amazon gift card, and all participants will be eligible to win one of two \$75 cash prizes.
